Introduction

Eco club creates awareness of biodiversity conservation and local environmental issues among ~~school children~~ schoolchildren. It creates a 'clean and green consciousness' among the students through various innovative methods.

Eco club play an important role in creating environmental awareness amongst the future generation. An eco-club will help to promote, monitor and operate the environment activities of the school. Eco club encourage students to think creatively as they apply their knowledge to real everyday thinking. Involving students in participation through real responsibility improves self-esteem, which impacts learning. The attitudes developed will stay with pupils throughout their lives. Students will also have greater respect for, and take more care of, other environment they encounter.

Achievements

SANGITA SARKAR – Awarded GURU SAMMAN AWARD from
DAINIK JAGRAN

BEST ECO CLUB TEACHER AWARD (Tata Steel Zoological Society)
